

Kirsten Johnson-Moore

Clinical Consultant

Kirsten Johnson-Moore is a senior nursing and patient care services executive with a track record of significant achievements in the acute care hospital setting.

A highly visible, approachable, business oriented leader who is capable of generating results through collaborative relationships, teamwork and innovative approaches. This includes achieving Level 1 Trauma designation and Magnet™ status for her organization.

Successful in several positions in increasing revenues and expanding services across multiple departments. Her strengths include departmental strategic planning and financial operations, leadership and organizational development, labor relations, physician relationship development, performance improvement and regulatory compliance; all which result in staff and patient satisfaction.

A published and industry recognized professional with national speaking engagements. She is currently pursuing a Doctorate of Nursing Practice in Executive Leadership with an expected graduation date of 8/2016.
